Use this image from Rhea's 1832 map to answer the following questions.

1. In what year was White County formed?
2. What was the total population of Warren County in 1830?
3. Which county had more enslaved people in 1830—Montgomery or Robertson?
4. What is the only county shown on this chart that had more "free white females" than "free white males" in 1830?
5. What is the only principal export listed for Sumner County?
